CONSIDERATIONS FOR THE FIFTH-YEAR INTERIM REVIEW

Dr. Crystal A. Baird
Coordinator of Commission Support

SCAIR
March 5, 2012
During this session, we will…

• Review the Fifth Year Interim Review Process

• Have a Closer Look at the Current Select Standards & How to Avoiding Common Trouble Spots

• Discuss Crafting the QEP Impact Report

• Q & A
Why a Fifth-Year Interim Review Process?

• Higher Education Opportunity Act (HEOA)
  • Reg 602.19(b) Speaks to accrediting agencies monitoring their accredited institutions to ensure ongoing compliance.

• Reg 602.22(c)(2) Calls for accrediting agencies having an effective mechanism for conducting, at reasonable intervals, visits to additional locations of institutions that operate more than three additional locations.

• There are variances in review cycles among accrediting bodies.
So how does this process work?

- **NOTIFICATION**: Institutions are notified about eleven months prior to the due date for the report.

- **SUBMISSION**: Fifth-Year Interim Reports are submitted mid-March or mid-September.

- **REVIEW**: Report will be reviewed by the Fifth Year Interim Review Committee, which meets each June and December.

- **RESULTS**: A letter will go out to the reviewed institutions the following month, informing them of the results of the review.

- **FOLLOW UP**:
  - If there are no issues for follow up—the process ends here.
  - If there are issues, an institution would be asked to provide an additional report that will go to Compliance & Reports Committee, addressing the specific areas noted.
Components of the Report

- Part I: Signatures Attesting to Integrity
- Part II: Abbreviated Institutional Summary Form Prepared for Commission Reviews
- Part III: Fifth-Year Compliance Certification
- Part IV: Additional Report (applicable only to select institutions)
- Part V: Impact Report of the Quality Enhancement Plan

An institution may be requested to host a committee charged to review new, but unvisited, off-campus sites initiated since the institution’s previous reaffirmation. An institution was notified of this at the time it received its letter from Dr. Wheelan regarding the Fifth-Year Interim Report.
A Closer Look at Part III

The number of full-time faculty members is adequate to support the mission of the institution and to ensure the quality and integrity of each of its academic programs. (Core Requirement 2.8)
CR 2.8 Number of Full-time Faculty

Common Issues:

- Not providing faculty data disaggregated to the program or discipline level
- Not explaining what the data mean or not presenting a case for why the number of faculty is adequate
- Not addressing faculty loads
CR 2.8 Tips:

• Disaggregate full-time faculty by program/discipline/ mode/location; include information on faculty teaching in all programs, including those teaching via distance education and at off-campus sites.

• Explain why the number is adequate, if indeed it is, or describe the plan for coming into compliance if the number is not adequate.

• Provide information regarding faculty loads and expectations for faculty outside of the classroom like committee work, service, advising, curriculum development, etc.

• Remember that you are building a case for compliance.
CR 2.10 Student Support Programs

- The institution provides *student support programs*, services, and activities consistent with its mission that are intended to promote student learning and enhance the development of its students. (*Core Requirement 2.10*)
CR 2.10 Student Support Programs

Common Issues:

- The institution’s website and/or catalog details numerous services not mentioned in the report.
- Student Support Program descriptions are confusing, jargon-laden, or inadequately explained.
- No mention is made of how support is provided to distance education and off-campus site students.
CR 2.10 Tips:

• Clearly describe the Student Support Services provided.

• Explain how the services meet the needs of your students, including those enrolled in programs offered via distance education and at off-campus sites.
CS 3.2.8 Qualified Administrators and Academic Officers

- The institution has qualified administrative and academic officers with the experience and competence to lead the institution. *(Comprehensive Standard 3.2.8)*
CS 3.2.8 Qualified Administrators and Academic Officers

Common Issues:

• Giving a list of names and degrees, or set of vitae with no explanation

• Not providing an organizational chart to help evaluators understand who oversees what

• Providing degree level information (MA, PhD) without listing major
CR 3.2.8 Tips:

• Provide an organizational chart.

• Describe the qualifications the administrators and academic officers, building a case for why they are qualified for their respective roles.

• Provide documentation like current vitae.

• Consider using the CS 3.2.8 template or the faculty roster form as a model for your own form.
CS 3.3.1.1 Institutional Effectiveness: Educational Programs

• The institution identifies expected outcomes, assesses the extent to which it achieves these outcomes, and provides evidence of improvement based on analysis of the results in the following area: *(Comprehensive Standard 3.3.1)*

  • 3.3.1.1 educational programs, to include student learning outcomes
CS 3.3.1.1 Common Issues:

- Lack of defined student learning outcomes and/or methods for assessing the outcomes
- Limited/Immature data
- Not documenting use of data to make improvements
- Non-representative sampling
- Not addressing distance education and off-campus site programs
CS 3.3.1.1 Tips:

- Focus on educational programs and student learning outcomes

- Use mature data
  - If using a new system, use data from the previous system, if necessary and possible, to demonstrate ongoing compliance

- Document the use of data to make improvements

- If presenting a sampling, use a representative sampling and include a rationale for what makes the sample reasonable and representative of the programs offered

- Include data on programs offered at off-campus sites and via distance learning - consider comparability if appropriate
CS 3.4.3 Admissions Policies

• The institution publishes admissions policies that are consistent with its mission.

(Comprehensive Standard 3.4.3)
CS 3.4.3 Admissions Policies

Common Issue:
• Information provided in the report does not match that given in the catalog and/or website

Tips:
• Provide a clear and consistent narrative regarding admissions policies.
• Address special admissions policies for specific programs as well as the institutional admissions policy.
• Explain the connection between admissions policies and the mission
CS 3.4.11 Qualified Academic Coordinators

- For each major in a degree program, the institution assigns responsibility for program coordination, as well as for curriculum development and review, to persons academically qualified in the field. In those degree programs for which the institution does not identify a major, this requirement applies to a curricular area or concentration. *(Comprehensive Standard 3.4.11)*
CS 3.4.11 Qualified Academic Coordinators

Common Issues:

- Not providing a rationale for why an individual is qualified to coordinate a program, and oversee the development and review of the curriculum—especially in cases where the reasoning is not obvious

- Listing a coordinator’s degree with no reference to major
CS 3.4.11 Tips

• Identify coordinators for all programs, including those offered at off-campus sites and via distance learning.

• List coordinator’s degree and major.

• Make a case for the coordinator’s qualifications to oversee the development of the program.

• If “lead faculty” are used to help coordinate, include their names and qualifications.
CS 3.11.3 Physical Facilities

- The institution operates and maintains physical facilities, both on and off campus, that appropriately serve the needs of the institution’s educational programs, support services, and other mission-related activities.

*(Comprehensive Standard 3.11.3)*
CS 3.11.3 Physical Facilities

Common Issues:
• Providing a narrative with no (or dated) supporting documentation
• Data presented indicated a lack of adequate physical facilities
• Not discussing physical facilities for off-campus sites

Tips:
• Include supporting documentation such as current Facilities Master Plan, space utilization reports, facilities maintenance schedules.
• Address facilities at off-campus sites.
CS 3.13 Policy Compliance

• 3.13.1. “Accrediting Decisions of Other Agencies”

• Applicable Policy Statement. Any institution seeking or holding accreditation from more than one U.S. Department of Education recognized accrediting body must describe itself in identical terms to each recognized accrediting body with regard to purpose, governance, programs, degrees, diplomas, certificates, personnel, finances, and constituencies, and must keep each institutional accrediting body apprised of any change in its status with one or another accrediting body.

• Documentation: The institution should (1) list federally recognized agencies that currently accredit the institution and its programs, (2) provide the date of the most recent review by each agency and indicate if negative action was taken by the agency and the reason for such action, (3) provide copies of statements used to describe itself for each of the accrediting bodies, (4) indicate any agency that has terminated accreditation, the date, and the reason for termination, and (5) indicate the date and reason for the institution voluntarily withdrawing accreditation with any of the agencies.
Applicable Policy Statement. Each institution is required to have in place student complaint policies and procedures that are reasonable, fairly administered, and well-publicized. *(See FR 4.5).* The Commission also requires, in accord with federal regulations, that each institution maintains a record of complaints received by the institution. This record is made available to the Commission upon request. This record will be reviewed and evaluated by the Commission as part of the institution’s decennial evaluation.

Documentation: When addressing Federal Requirement 4.5, the institution should provide a copy of its student complaint policy or policies and, for each policy, an example of how the institution follows it through resolution of the complaint. (An institution may have several policies adapted to student services, academics, etc.) When addressing this policy statement, the institution should provide information to the Commission describing how the institution maintains its record and also include the following: (1) individuals/offices responsible for the maintenance of the record(s), (2) elements of a complaint review that are included in the record, and (3) where the record(s) is located (centralized or decentralized). The record itself will be reviewed during the on-site evaluation of the institution.
3.13.4. “Reaffirmation of Accreditation and Subsequent Reports”

• **Applicable Policy Statement.** An institution includes a review of its distance learning programs in the Compliance Certification.

• **Documentation:** In order to be in compliance with this policy, the institution must have incorporated an assessment of its compliance with standards that apply to its distance and correspondence education programs and courses.
3.13.5 “Separate Accreditation for Units of a Member Institution”

- **Applicable Policy Statement.** All branch campuses related to the parent campus through corporate or administrative control (1) include the name of the parent campus and make it clear that its accreditation is dependent on the continued accreditation of the parent campus and (2) are evaluated during reviews for institutions seeking candidacy, initial membership, or reaffirmation of accreditation. All other extended units under the accreditation of the parent campus are also evaluated during such reviews.

- **Documentation:** For institutions with branch campuses: (1) The name of each branch campus must include the name of the parent campus—the SACSCOC accredited entity. The institution should provide evidence of this for each of its branch campuses. (2) The institution should incorporate the review of its branch campuses into its comprehensive self-assessment and its determination of compliance with the standards, and indicate the procedure for doing so.
FR 4.1 Student Achievement

- The institution evaluates success with respect to student achievement consistent with its mission. Criteria may include enrollment data; retention, graduation, course completion, and job placement rates; state licensing examinations; student portfolios; or other means of demonstrating achievement of goals. (Student achievement)
FR 4.1 Student Achievement

Common Issue:

• Presenting data with no analysis or indication of how they are used to consider student achievement
FR 4.1 Tips

• Include a variety of measures, when possible, including general and program-specific graduation rates, job placement rates, course completion rates, and/or licensure exam pass rates
• Explain how data are used
• Provide criteria used to determine the acceptability of intended achievement goals.
FR 4.2 Program Curriculum

- The institution’s curriculum is directly related and appropriate to the purpose and goals of the institution and the diplomas, certificates, or degrees awarded. *(Federal Requirement 4.2)*
FR 4.2 Program Curriculum

Common Issues:

- Not offering a rationale for the appropriateness of the programs offered
- Not providing supporting documentation
- Not addressing distance education and off-campus sites

Tips:

- Explain how the mission and the curricula are related.
- Document how the curriculum is developed, including distance education and off-campus site programs.
FR 4.3 Publication of Policies

• The institution makes available to students and the public current academic calendars, grading policies, and refund policies. *(Federal Requirement 4.3)*
FR 4.3 Publication of Policies

Common Issue:

- Variations exist between published versions of the grading policies, refund policies and/or academic calendars

Tips:

- Verify that all versions of published academic calendars, grading, and refund policies are current and accurate.

- Address how this information is disseminated to distance education and off-campus site students.
• Program length is appropriate for each of the institution’s educational programs. *(Federal Requirement 4.4)*
FR 4.4 Program Length

Common Issues:

• Not explaining how comparability is assured between traditional and accelerated/compressed programs
• Program length exceeds those allowed by internal or system policy
• Discrepancies exist between the length of program as presented and as described in the catalog
• Not providing program length information in an easily accessible format
FR 4.4 Tips:

• Identify measures of program length for all programs, including those offered at off-campus sites and via distance learning.

• Describe why those measures are appropriate, including those for compressed/accelerated programs.

• Make sure that program lengths are within the appropriate ranges.

• Verify that program length information is published accurately.
FR 4.5 Student Complaints

- The institution has adequate procedures for addressing written student complaints and is responsible for demonstrating that it follows those procedures when resolving student complaints. *(Federal Requirement 4.5)*
FR 4.5 Student Complaints

Common Issues:

- No evidence of implementation provided
- Inappropriate example (e.g., a complaint from a parent)
- Not addressing how a complaint from students enrolled in distance education programs or at off-campus locations is handled
FR 4.5 Tips:

• Provide a copy of student complaint policies.

• Provide real examples (student names redacted) that document and illustrate how complaints are resolved.

• Address how complaints are handled from students enrolled at off-campus sites and via distance education.
FR 4.6 Recruitment Materials

• Recruitment materials and presentations accurately represent the institution’s practices and policies. *(Federal Requirement 4.6)*
FR 4.6 Recruitment Materials

Common Issue:
• Recruitment presentations are not addressed

Tip:
• Address how the institution ensures that recruitment materials and presentations accurately represent institutional practices and policies.
FR 4.7 Title IV Program Responsibilities and CS 3.10.3 Financial Aid Audits

- The institution is in compliance with its program responsibilities under Title IV of the 1998 Higher Education Amendments. (Federal Requirement 4.7)

- The institution audits financial aid programs as required by federal and state regulations. (Comprehensive Standard 3.10.3)
FR 4.7 Title IV Program Responsibilities and CS 3.10.3 Financial Aid Audits

Common Issues:

- Audit results are not yet available.
- The institution has responded to audit issues with a plan but has not yet received the USDOE letter accepting the plan.

Tips:

- Work with auditors well in advance to ensure that audit is available by report due date.
- Present evidence of financial aid audits as required by state regulations, not just federal, in CS 3.10.3.
FR 4.8 Distance and Correspondence Education

FR 4.8.1 demonstrates that the student who registers in a distance or correspondence education course or program is the same student who participates in and completes the course or program and receives the credit by verifying the identity of a student who participates in class or coursework by using, at the option of the institution, methods such as (a) a secure login and pass code, (b) proctored examinations, or (c) new or other technologies and practices that are effective in verifying student identification.
FR 4.8.2 has a written procedure for protecting the privacy of students enrolled in distance and correspondence education courses or programs.

FR 4.8.3 has a written procedure distributed at the time of registration or enrollment that notifies students of any projected additional student charges associated with verification of student identity.
FR 4.8 Definition of Credit Hours

- The institution has policies and procedures for determining the credit hours awarded for courses and programs that conform to commonly accepted practices in higher education and to Commission policy.
QEP Impact Reports

Common Issues:

• Failure to launch due to leadership and/or resource issues
• Not presenting the goals or outcomes of the project
• Not describing the implementation of the project, regardless of changes from original plan
• Not collecting and/or using data to assess the impact on student learning
QEP Impact Report Tips:

• Address all of the elements

• The title and a brief description of the institution’s Quality Enhancement Plan as initially presented

• A succinct list of the initial goals and intended outcomes of the QEP

• A discussion of changes made to the QEP and the reasons for making those changes

• A description of the QEP’s direct impact on student learning including the achievement of goals and outcomes, and unanticipated outcomes of the QEP, if any
QEP Impact Report

*Use your 10 pages wisely*

- Reviewers are looking to see that the institution…
  - Adequately documented the implementation of the QEP regardless of the changes needed throughout its delivery
  - Provided adequate documentation of the assessment of the QEP’s impact on student learning
  - Demonstrated sustained support for the QEP
Presenting Data

• Remember if you plan to use sampling:
  • An institution may provide a sampling of its programs as long as it is representative of its mission and includes a valid cross-section of programs from every school or division. This sampling, however, does not preclude the institution from having effectiveness data/analysis available on all programs in case evaluators request to review it.
  • It is the institution’s responsibility to make a compelling case as to why the sampling and assessment findings are an appropriate representation of the institution’s programs.

• How many years of data are needed?
Presenting Data

• Provide an analysis of data, not just a data dump.

• Use tables and graphs when appropriate, along with narrative to help the reader understand what you are trying to illustrate.

• Connect the dots for the reader—remember you are translating, providing a context, and building a case for compliance.
Words of Wisdom from Fifth-Year Report Evaluators
As you approach the task of report writing…

- Your narrative and evidence for each standard should be as comprehensive as your narrative/evidence in your Compliance Certification Report.

- Follow all of the directions.

- Write clearly and succinctly, using pointed examples.

- Save the reader time by pointing directly to the specific supporting documentation - excerpting when it makes sense.
Also…

- Use outside readers to identify and reduce institution-specific jargon and blind-spots as well as assist with editing.

- Make sure all electronic devices and links work!

- When in doubt, ask your SACSCOC Vice President for advice.

- Serve as an evaluator, if you can.
Packaging

• Submit 1 printed copy for archival purposes, but the other copies can be printed, electronic, or a combination of the two.
• Consider the ease of the evaluators, who might not have always have access to the internet.
• For electronic media:
  • Label clearly
  • Include instructions for how to access or make the starting point obvious
  • Again, test all before sending
So what’s in it for me and my institution?

- Fifth-Year Review is an excellent opportunity to refocus on compliance and introduce new campus community members to accreditation concepts.

- Completion of a cycle; marks conclusion of the reporting on your QEP
